Elite Coder is a 3-level certification programme organised by **SINGAPORE SCIENCE CENTRE GLOBAL** and **MANGOSTEEMS**, in partnership with **EDUSTEEMS**. Elite Coder provides an assessment of a student's understanding of Computer Science fundamentals and key coding concepts as defined in CSTA K-12 Computer Science Standards. Upon completing each assessment level, student will receive a scorecard indicating level of proficiency and a e-certificate awarded by Singapore Science Centre Global.

Why Sign Up for Elite Coder

Elite Coder is a natural progression for students seeking to assess their competency levels
The certification programme demonstrates a student's mastery of coding fundamentals.

For young enthusiasts, the Elite Coder Junior serves as an essential foundation, paving the way for the comprehensive Elite Coder Assessment.
